FraxCO2

CO2 FRACTIONAL LASER

Stretching the limits of performance

FraxCO2® can penetrate deeper than any aesthetic CO2 laser. Combined with great versatility, this makes FraxCO2® perfect for both everyday procedures as well as thick and complex lesions.

FraxDeep™ | FraxShape™ Tech

- ✓ FraxDeep™ combines with Focusing Energy Bars, achieving the deeper penetration
- ✓ FraxShape™ matches with AI scan head, building accurate graphics

360° Vaginal Tightening Tech

- ✓ Gold-plated treatment head, with light return principle, less energy loss
- ✓ 360° Automatic Vaginal Head can effectively reduce treatment time

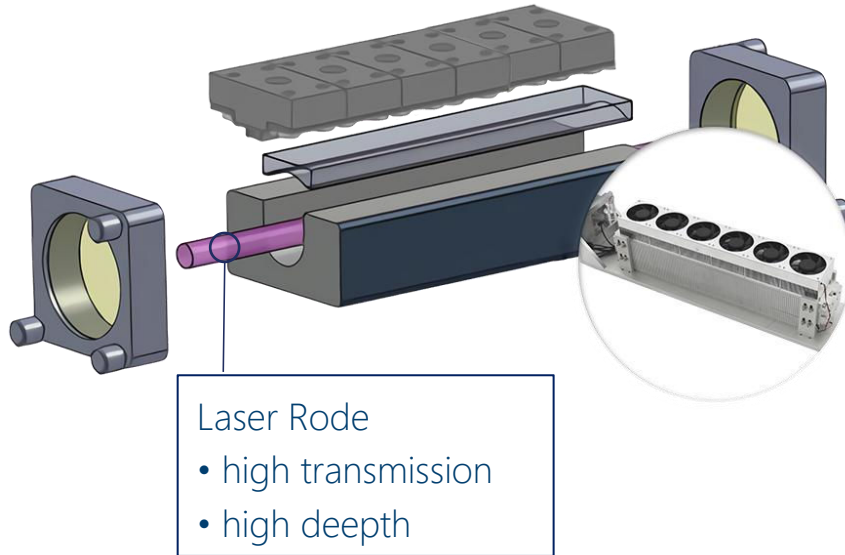

Multiple Handles Can Treat Different Skin Problems

- ✓ All-in-one switching program
- ✓ Offering the full range of technologies, applicators, skills

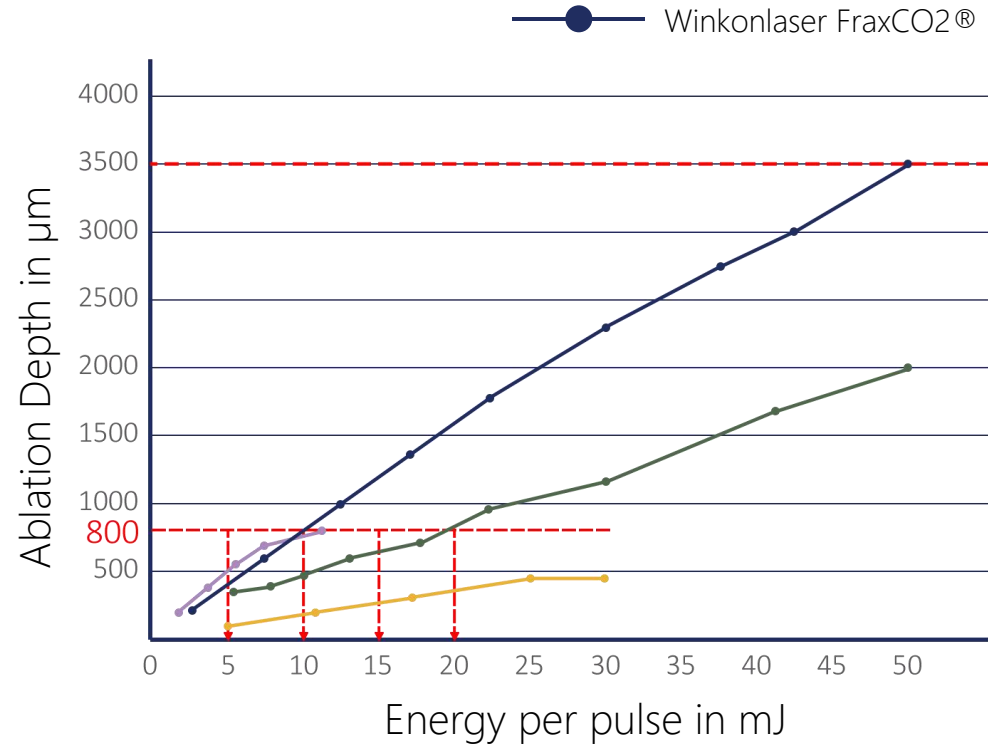

FraxCO2® State of The Art Technology

Super powerful laser rod

When ablation depth is equal, more energy means more excess heat in the tissue. FraxCO2® technology enables the deepest penetration with the lowest energy. This reduces patient discomfort, downtime and thermal damage.

FraxCO2® also enables the shortest pulses per energy level further enhancing patient comfort

The FraxCO2 70W laser of winkonlaser is imported from Coherent Company in USA, and the laser tube performance is stable. There is no life limit, the metal material is sturdy and durable, with high reliability, high peak power, short pulse rising edge time, and high pulse modulated frequency, which can effectively improve processing efficiency and accuracy.

FraxCO2® – Non-surgical Laser for Vaginal and Pelvic Floor Health

- Improve vulva redness
- Increase the beauty of the vulva
- Vulva skin rejuvenation
- Improve immunity
- Reduces the risk of genital tumors, menstrual problems, infertility, pregnancy disorders, obstetric disorders

FraxCO2® – Ergonomic handpiece Easy and comfortable to operate

Adjustable Shape

Imported [German](#) photoelectricity position sensor makes position output more stabilized. [The China aerospace group lattice motor production](#), processing and assembly process. Alloy cover, five-axis nickel steel makes weight lighter and hand feeling better. Streamlined design, easier operation and application.

FraxCO2® Technical Specification

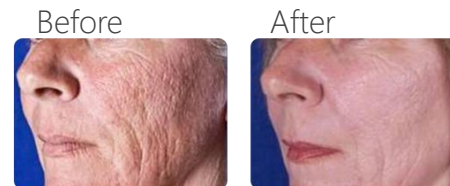

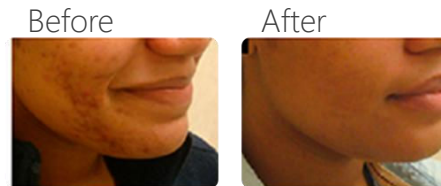

Brand	FraxCO2®
Wavelength	10600nm
Laser Device	70W USA Coherent laser
Handle	Scan Probe; Cutting Probe*3; Vaginal Probe*3
Laser Arm	Korea import Articulated 7 joint arm with up to 360° rotation
Working Mode	Fractional Mode, Surgical Mode, Vaginal Mode (optional)
Cooling System	Self contained, closed cycle; Air Cooling; 7 big power smart fans
Scan Mode	Order mode, Disorder mode, Midsplit mode
Scan Size	0.4x0.4mm —20x20mm
Scan Pattern	7 different kind of shapes (circle/square/rectangle/hexagon/triangle/line/elliose)
Duration	0.1-10ms
Distance	0.1mm-2.6mm

Some machines on the market have rough light output, uneven dosing, more inflammation in the later stage, easy scabbing after treatment, easy pigmentation, poor effect, and long recovery period

Winkonlaser's FraxCO2 has stable energy, fast, fine, dense and uniform dosing, short recovery period and good effect

FraxCO2® – Your journey with winkonlaser has just begun

We want your business to grow with Winkonlaser That's why we have put together a support package that begins with the first conversation and will stay with you as your business begins to see the benefits. We provide a support package which ensures that you have all the training you need and receive the most up to date clinical materials.

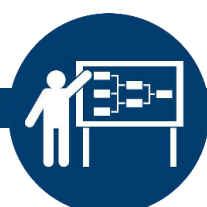

Winkonlaser Practice Locator

Thousands of patients search for treatment providers every month. Help them find your clinic by registering your practice on the Winkonlaser Practice Locator. We run campaigns through influencers, social media and viral videos to promote this directory.

Winkonlaser online

Consumers have many questions about aesthetic. Our websites will give them the re-assurance and confidence they need to move forward with the treatments.

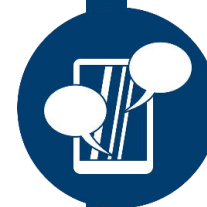

Team Training

We install the system and train your staff, so that you are able to assess skin types and conditions, creating the perfect treatment plan for each individual patient. Our expert clinical training means they will handle consultations and treatments with confidence.

Your Most Valuable Resource

Your dedicated representative is an email, text, or phone call away. We want you to feel part of the Winkonlaser family, so please feel free to contact us any time. We'll always do our best to get back to you within 24 hours.

Brand Your Clinic

As a Winkonlaser client you will have access to the Winkonlaser Physician Portal. Here, you can find materials such as brochures and posters. You will also have access to a wealth of clinical and product information.

Extensive Service Network

We are committed to providing high quality, comprehensive service for medical equipment repair and maintenance. Winkonlaser service provides you with peace of mind, so you can focus on patient care, rather than on the equipment.
